

2020 PhotoMoto Celtic Motorcycle Club

Sorry for the late start this year folks, but circumstances have changed! In the Valleys of the Hudson, Delaware and Susquehanna, here are some points of interest for beautiful Fall riding. Do keep an eye out for points of interest, that might feature in future events, on the roads you travel. Have to wrap up last season's Photo-Moto too, have not forgotten, will explain delay to participants. Enjoy! Due to Covid we will try to keep the business as an online exercise. Analog formats are still welcome.

Rules:

- 1: Ride your motorcycle to the points of interest.
- 2: Take a photo of your motorcycle at each point to prove that you were there.
- 3: You may feature in these photos, if you have company.
- 4: When you finish all points, please assemble your entry photos and information sheet, submit to CMCCDucman@Gmail.com.
- 5: Include the following information: Name, Rider, passenger, Bike, Year, Displacement and Model.
- 6: Please have at least 7 photos for a basic entry, all 15 for full 🤔
- 7: Enjoy!

For analog entry, please assemble information and photos in an album of your choosing for presentation and contact the above email for mailing address, before end of year 2020. I too am an analog man navigating the digital realm.

We hope to have commendations for Best Photo, oldest bike, smallest bike and or any other factors or anomaly's, that we consider warrant special recognition!
